45 DAY IDENTIFICATION SHEET

Identification of Alternative Replacement Properties

please print this page, fill-in the form as best as you can, and fax it to 415-782-5209

The identification must be in writing and communicated to one involved in the exchange (such as a Qualified Intermediary), other than a related party, prior to expiration of the 45 day period. Generally only (3) properties may be identified including the one for which the Exchanger may be in contract. There are limited alternatives to the foregoing rule*. Consult your own tax counsel for further amplification.

If a property becomes unavailable before the expiration of the 45 day period its identification must be revoked in writing before substituting another.

The penalty for identifying too many is to disqualify all identified properties, other than those acquired (through close of escrow) within the 45 day period.

The following Properties are hereby identified (need not be in order of preference):
